

David Hunter

David joined Hewlett Packard Enterprise in 2015 and is currently the Vice President of Strategy for the Hewlett Packard Research Lab within Hewlett Packard Enterprise. Previously positions include: Vice President of Technology in the Office of the CTO; Chief Technology Officer for the Converged Datacenter Infrastructure Division and Vice President/Chief Technologist for the Software Defined Datacenter Division. He also serves as an advisor to the Hewlett Packard Enterprise Venture Capital Pathfinder program, which focuses on investing in mid-stage startups within the enterprise computing space.

Prior to HPE, David was at VMware, Inc. from 2004 to 2015, where he last served as the Chief Architect for the Software Defined Data Center (SDDC) Division and led technical and business evaluations of new technologies with a heavy focus on enterprise security architectures, distributed computing infrastructure for new cloud workloads and the integration of products across the company's product portfolio. Previous roles at VMware included: Chief Technology Officer for Platform Security; Chief Technology Officer for Worldwide Public Sector; Senior Director R&D Engineering and Director of Partner & Ecosystems Engineering. Before joining VMware, David was a member of the early stage start-up SQU Systems, where he worked on extending his previous research in binary translation and optimization systems to the area of non-disruptive operating system upgrades. David started his career in 1983 and over the years held various engineering, research and management positions with Digital Equipment Corporation and Compaq Computer Corporation.

David holds a Bachelor of Science in Electrical & Computer Engineering from Northeastern University in Boston, MA and is a graduate of both the Naval War College in Newport, RI and the National Defense University's Joint Staff College in Norfolk, VA. He is the author of several patents and has had his work published in professional refereed journals. A longtime supporter of educational institutions, he currently serves as a member of Northeastern University's Electrical & Computer

Engineering Industry Advisory Board in Boston, MA a Trustee at the Naval War College Foundation, a founding member of National University's Cyber Security and Information Assurance Advisory Council and a former member of the Secretary of the Navy Reserve Policy Board. David retired from the U.S. Navy in 2016 after 31 years of active and reserve service as a surface warfare officer. He and his wife have one child and reside in Mountain View, CA.
